

**MFUEL Digital Power Adapters are the complete all-in-one solution to your charging, power, data transfer, and travel needs.**

### **Digital Technology**

MFUEL automatically adjusts power supplied to Connected Devices to match the OEM Power Specifications

Allows:

1. **Surge Protection Guarantee** - Protects your connected devices from unstable power
2. **LED Display** - Displays Output Voltage Automatically set by Digital Circuit
3. **Dual High and Low Power Outputs** - No Additional Accessories Required
4. **Reduced Heat** - Digital Circuit only outputs the power the connected device requires
5. **UL / CUL Approval**
6. **Data Transfer Capability**

Power Cable is dual function and can be used for USB and Ethernet Data Transfer (Tips Included)

**Capacity** - MFUEL is designed with higher power capacities (wattage).

MFUEL is designed to exceed the demand of all new high power electronics of today and will therefore power the future.

**All Inclusive Packaging** - MFUEL is packaged to work with all the major Cell Phone and Notebook Computers

Universal Packages - Include 27 HOT TIPS (High and Low Power)

High Power Packages - Include 12 HOT TIPS (Notebook Computers)

Low Power Packages - Include 9 HOT TIPS (Cell Phones)

**Retail Experience** - Easy "Hook Up" Diagrams, Flip-Up Compatibility Chart, and All Inclusive Packaging simplifies the purchasing process.

**WORLD JACK** allows you to charge and power your electronic devices from almost any AC power source in the world.

Transforms to fit the many different style wall outlets in over 120 countries worldwide

**Power Banks** - MFUEL Digital Technology incorporated with High Capacity Li-Ion Battery Cells.

A True Mobile Solution for Power Hungry Portable Electronics.

**MFUEL smart digital technology keeps you and your electronic devices at peak efficiency with clean, safe, reliable power.**

**BLACKSTONE**  
Blackstone International, LTD
